

groove, and steering mechanism attached to the casing.

12. The combination with a frame comprising separated sleeves, of axles journaled in the sleeves, gearing connected with the axles between the sleeves, a ball carried at the outer end of each axle and being provided with grooves, a wheel having a socket to receive the ball and projections engaging the grooves, and means movable upon the frame and contacting with the wheels for maintaining said wheels in a vertical position.

13. The combination with a frame comprising separated sleeves, of axles journaled in the sleeves, gearing connected with the axles between the sleeves, a ball carried at the outer end of each axle and being provided with grooves, a wheel having a socket to receive the ball and projections engaging the grooves, guide members movable upon the frame, projections from the wheels engaging the guide members, and steering mechanism connected with the guide members.

14. The combination with a frame comprising separated sleeves, of axles journaled in the sleeves, gearing connected with the axles between the sleeves, a ball carried at the outer

end of each axle and being provided with grooves, a wheel having a socket to receive the ball and projections engaging the grooves, guide members movable upon the frame, projections from the wheels engaging the guide members, and steering mechanism supported upon one of the sleeves and connected with the guide members.

15. The combination with a frame comprising separated sleeves, of axles journaled in the sleeves, gearing connected with the axles between the sleeves, a ball carried at the outer end of each axle and being provided with grooves, a wheel having a socket to receive the ball and projections engaging the grooves, arms carried by the sleeves, guide members movable upon the arms, projections from the wheels engaging the guide members, springs mounted upon the arms, and a body carried by the springs.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

JOSEPH A. WILLIAMS.
